municationis pœna: pro ut in Priuilegijs continetur.*

Title page of the first edition (1530) of Fracastorius' poem on syphilis

-42-

HOTEL TRAYMORE, ATLANTIC CITY

May 7, 1930

"I do not say that the old art of healing should be abandoned as of no account or as though its investigations were wrongly conducted; on the contrary, I maintain that its way of thinking came so near to truth that one should take it more into consideration and wonder at the discoveries made in spite of so great a lack of knowledge." (HIPPOCRATES.)
